

“...a practical business view that is invaluable...”

Legal 500 UK 2014

Burgess Salmon's Corporate team works across all parts of the UK and in all the major European and international jurisdictions. Led by a team of highly experienced partners, we act on a broad range of complex transactions for public and private companies, financial institutions, partnerships, industrial and provident societies and private individuals. In addition to mergers and acquisitions (public and private), we advise clients on private equity, equity capital markets, reorganisations, joint ventures and investment funds.

A recent Experian report, published in October, confirmed that we acted on the highest deals by value in the south west M&A market for the year to date. In 2013 we have advised on deals across a wide range of sectors including energy, transport, financial services, real estate funds and food & drink. These include:

Swift Technical Group - advised certain members of the Swift management team in connection with the acquisition of the Swift group by Wellspring Capital Management from Gresham Private Equity.

Crediton Dairy - advised the management buyout team on the sale by Arla Foods amba of Crediton Dairy.

Business Growth Fund - advised BGF who invested £3.92 million of growth capital in Magmatic Ltd, which trades under the 'Trunki' brand name.

Louis Delhaize - advised European retail group Louis Delhaize on the sale of The Garden & Leisure Group to The Garden Centre Group, a Terra Firma investee company.

Cobham - advised Cobham on its acquisition of the entire share capital of Axell Wireless for up to £85m.

Falcon Property Trust - advised Falcon on its merger with Legal & General's Industrial Property Investment Fund in a deal valued in excess of £100 million.

FirstGroup - advised longstanding client FirstGroup on the sale of eight of its London bus depots.

Oasis Healthcare - advised management on the £185m sale to Bridgepoint by Duke Street of Oasis Healthcare.

Stage Electrics - advised management in connection with the buyout of Stage Electrics, a leading supplier of stage lighting and sound equipment to the entertainment industry.

iCON / EEA - advised iCON Infrastructure and EEA Holdings on a major investment in the Beckton combined heat and power generation plant in East London.
